## ANNOUNCEMENT

We trust that you will consider the receipt of this catalogue as a personal invitation to attend our Sale of Imported Scotch Shorthorn Cattle at Genmar Farm, Seaforth, September 4th next.

The GENMAR Herd of Scotch Shorthorns was established in 1944. During that period of time we have found the breeding of Shorthorns both profitable and pleasant. Many of the good breeding matrons offered in this Sale leave the farm with regret. The pedigrees, as the catalogue will reveal, are attractive, and the progeny of our herd have, at all times, met with favourable public acceptance and exceptional show ring success.

The herd is fully accredited, and never have we had a reactor to a blood test.

We are proud of the cattle we are offering and we have been told repeatedly that there has never before been offered in Canada by one owner so many outstanding breeding cattle at one time. None will be offered in an overly fitted condition, but, rather, will be presented in such fit as will appeal to breeders desiring to put them into working herds.

We welcome all to this Sale who are lovers of Scotch Shorthorns.

## TERMS AND CONDITIONS OF SALE

The cattle offered in this sale are a fully accredited herd. All of the Genmar bred females are vaccinated with strain No. 19, Bang's Vaccine. All papers necessary for shipment to the United States will be provided.

1. Proper care should be given by purchaser to protect breeding qualities and health of animals.
2. All bulls guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with herd when under twenty months of age.
3. Cows sold with calves by side are considered proven breeders. All other cows and heifers sold as a single lot are guaranteed breeders except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy bull or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled, must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale shall be promptly reported.
4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, or the purchase price will be refunded. The animal may be returned for retrial at the expense of the purchaser. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. If the animal is a non-breeder, salvage to go to the seller. No charge for feed or maintenance shall be made by either buyer or seller.
5. A certificate for registry in the Canadian Shorthorn Herd Book will be furnished with each animal. Any animal in this sale can be registered in the American Shorthorn Breeder's Herd Book.
- As soon as cattle are sold, they are at owner's risk, but every care and attention will be given them and they will be loaded free of cost.
- Shipment will be made as soon as possible after close of sale and without trouble to the purchaser, but at their risk of loss or injury.
6. TERMS—Cash, unless otherwise arranged.

## **GENERAL INFORMATION**

The Sale will be held at Genmar Farm, one mile south and west of intersection of No 8 Highway and Main Street, Seaforth. Seaforth is located 25 miles west of Stratford on No. 8 Highway, and 48 miles north of London. Hotel accommodation will be arranged on request at either of above cities, or locally if requested.

Mail bids may be sent to Harold White, Secretary Canadian Shorthorn Breeders' Association, or to Auctioneer.

Lunch will be available at the farm.

**SALE COMMENCES AT 1 P.M. ON FRIDAY, SEPTEMBER 4, 1953.**

We had a very difficult decision to make one year ago in regard to Foremost, and decided to sell him and keep his heifers in the herd. I think when you see the type of heifer being offered at this sale you will agree he was a real breeding bull. Naemoor Marshal sired the Reserve Senior Champion and top priced bull at Perth in 1951, while Prince Bob and Perfect need no introduction to breeders in America. The Clippers have been one of the best breeding families in the Calrossie herd. Since we only maintain a very small but exceptionally high quality herd, it is possible to offer some of his heifers for sale this year

This bull was Grand Champion at the 1951 Perth Huron Regional show. We have six calves by him that we think are the best ever dropped on our farm. Joseph Devereaux has purchased a half interest in him, and we believe his get will bear watching in the near future. His dam is out of the best cow in Douglas Dron's herd and her full sister sold last Fall for £700
